

“Sustainability” Cluster

May 18 – June 27, 2015

Study at Webster University Geneva this summer

- In addition to all the great possibilities for fun and cultural discovery in Geneva and around Switzerland, there’s also an opportunity to fast track your academic requirements
- Webster Geneva is offering a cluster of summer courses on the hot topic of “Sustainability.” This cluster is open to all Bachelor students in the Webster network
- This dynamic learning community will integrate the latest thinking on a subject impacting individuals and organizations around the globe
- In just six weeks, you can take three courses (9 credit hours) that will go a long way towards your GCP requirements. The courses are:
 - SUST 1000 Introduction to Sustainable Studies
 - PHIL 2320 Contemporary Moral Problems
 - MNGT 3100 Issues in Management; Multinational Corporations
- There are several benefits to joining the Sustainability cluster:
 - A topic that spans all study (Major) areas
 - Field trips to local organizations and sites
 - Exposure to a topic future employers will care about
- This summer, you can benefit greatly from the passion of dedicated faculty members who have come together to craft a special academic experience in an exciting format
- For students coming from other Webster campuses, a greatly reduced housing fee will be in place. For Webster Geneva students, CHF 2,000 will be awarded as a scholarship towards fall tuition, once the courses are successfully completed
