## Registration Information

### Tuition and Fees

Students are billed for each individual course for which they register. A full degree program normally requires the completion of 43 courses. The rates for 2009/2010\* are set at € 1,185 per course excluding materials. The tuition for a typical full-time student is € 11,850 per year.

\*Starting Summer 2009.

### US and Dutch Financial Aid

Financial assistance in the form of low-interest rate loans is available for US citizens and holders of a US Green Card. Please contact our financial aid office for more information.

Students with Dutch nationality in the IBMS major may qualify for Dutch "studiefinanciering". Other EEA nationalities may also qualify; see [www.ib-groep.nl](http://www.ib-groep.nl).

### Scholarships

There are a limited number of scholarships available. Please check our website or ask your student advisor for additional information.

### Course Registration

Students register for courses with their advisor, generally for a semester at a time, in weeks 4 - 6 of the preceding eight-week term. Full-time students take 4 - 6 courses (12 - 18 credit hours) per semester.

### Adds, Drops and Withdrawals

It is possible to drop courses until the Friday of week 2 of the term. Dropped courses will not appear on a student's transcript and tuition will be credited in full. It is possible to add courses until the first class of the second week, if instructor permission is secured.

After the drop deadline, it is possible to withdraw from 8-week courses until the Friday of week 6, and from 16-week courses until the Friday of week 12. Withdrawing from a course results in a "W" grade and a partial or zero refund depending on the week of the term.
