

“Advancing Human Rights” GCP Cluster

May 18 – June 27, 2015

Study at Webster University Geneva this summer

- In addition to all the great possibilities for fun and cultural discovery in Geneva and around Switzerland, there’s also an opportunity to fast track your academic requirements
- Webster Geneva is offering a cluster of summer courses on the topical subject of “Advancing Human Rights.” This cluster is open to all Bachelor students in the Webster network
- While students are encouraged to take all three courses as a cohort in the cluster format, it is possible to take just one or two of the courses
- In just six weeks, you can take three courses (9 credit hours) that will go a long way towards your GCP requirements. The courses are:
 - MEDC 1630 Media Literacy (GCP)
 - HRTS 2500 Current Problems in Human Rights (GCP)
 - SOCI 2175 Social Movements (GCP)
- There are several benefits to joining this exciting cluster:
 - Fulfill several GCP requirements
 - Study human rights in Geneva—a “humanitarian” capital
 - Visits to local governmental and non-governmental organizations
- This summer, you can benefit greatly from the passion of dedicated faculty members who have come together to craft a special academic experience in an exciting format
- For Webster Geneva students, CHF 2,000 will be awarded as a scholarship towards fall tuition, once the courses are successfully completed. For students coming from other Webster campuses, a greatly reduced housing fee will be in place
